

Dances of Universal Peace

Led by:

Lila Ventura (Portugal)

The Dances of universal Peace offer the opportunity to dance and unify all the cultures and traditions. "Simple, meditative, joyous and multi-cultural circle dances that use sacred phrases, original chants, music and movements from many traditions of the earth to touch the spiritual essence within ourselves and others. Based on the work begun in the late 60's by Samuel L. Lewis-(Sufi Ahmed Murad Chishti, 1896-1971)

The Dance is a magnificent form to express your self and get rid of tensions. The Dances of Universal Peace promotes and offers well being, balance, harmony, union, creativity, joy and love.

The Dances of Universal Peace harmonize and integrate you with universal energy. It is a body art that synchronizes the individual with the group. When you develop and create forms of movement, sound and energy in a circle, this energy is sent to the universe and returns to the body with much more vital forces, in a subtle way of sacred geometry.

The Dances of Universal Peace offers in a pedagogic way, a sense of development of movement, rhythms, musical and vocal expressions.
